## Senator Seeks Facts On Army Sugar Purchases

WASHINGTON, Dec. 9.—(INS)—Sen. McCarthy (R) Wis., will question Army Secretary Royall this afternoon on Army sugar purchasing which the senator termed a market "manipulation".

McCarthy charges that the Army purchased 1,600,000,000 pounds of sugar at approximately \$1 per hundred pounds "in excess of the world market". The sugar was for use in occupied Germany, Korea and Japan.

### Unwarranted Manipulation

"This was a completely unwarranted manipulation of the sugar market," the Wisconsin senator said today.

McCarthy said he was not satisfied.

## Arab Raiders Are Repulsed; Losses Heavy

Haganah Forces Showed Arab Raiders With Grenades Is Report

### ATTACK IS ALSO MADE ON BRITISH

JERUSALEM, Dec. 9.—(INS)—Tel Aviv Jews, infuriated by a bloody Arab invasion of their territory, vented their anger today against the British whom they accused of interfering with their defense and set fire to a British police armored car.

Immediately after their attack the Jews declared that the British crew of the armored car retaliated by seizing another vehicle from which they fired indiscriminately into a bus laden with Jews.

### Arabs Repulsed

The incident came as an aftermath to an attack by Arab raiders on the Jewish Hativah from which the Arabs were repulsed after suffering heavy casualties.

(The London Evening News said that Haganah, military arm of the Jewish agency, bombed Arab owned houses in the Jaffa-Tel Aviv border area. Haganah reported claimed it was from these houses that Arabs fired guns which killed four Jews.)

Sniping continued throughout the night and on into the morning after Jews who moved up to the battle scene ambushed a group of attacking Arabs near Salame.

The Jewish force consisted mainly of members of Haganah, military arm of the Jewish agency, which checked an Arab invasion from the Jaffa region into Jewish territory in Tel Aviv.

The Haganah forces showed the Arab raiders with grenades. In the confused fighting Jews attacked some British forces in the battle area.

Reports from Tel Aviv said that a Jewish crowd threw a "Molotov cocktail" bomb at an armored car of the British police and set fire. In retaliation British police were reported to have fired on a Jewish bus in Tel Aviv's business center.

## Democrats Fear Stopgap Aid To Be Cut Further

By RAYMOND WILCOVE (I. N. S. Staff Correspondent)

WASHINGTON, Dec. 9.—A Democratic leader expressed fears today that the House might cripple President Truman's emergency European relief program and a GOP spokesman predicted that a further cut will be made in the funds.

The House leadership pressed for a vote on passage of the stopgap aid bill by tonight but doubts were expressed freely that final action will be taken before tomorrow.

Consideration of the program went into its fourth day as President Truman prepared a message to be sent to Congress on Thursday outlining the long-range Marshall plan expected to cost the United States between seventeen billion and 20 billion dollars over a four year period.

Rep. Rayburn (D) Tex., minority leader, and ex-speaker, declared that while passage is assured there is nothing certain about the final shape the bill will be in when the House gets through amending it.

Republican leader privately expressed the opinion, meanwhile, that the House probably will reduce the amount to 500 million dollars, including sixty million dollars for China, a reduction of 157 million dollars in the amount requested by the administration for Italy, France and Austria. The Senate last week approved the full 597 million dollars requested, but the House Foreign Affairs Committee reduced the amount to 590 million, including China.

## Work Stoppage In Rome Delayed

U. S. Aircraft Carrier And Flotilla Of Destroyers Arrive At Naples

### (BULLETIN)

ROME, Dec. 9.—(INS)—The American Aircraft Carrier Midway and a flotilla of destroyers arrived at Naples today in the midst of the Italian Communist political agitation through strikes and weekend parades of its shock troops.

Several thousand Italians staged a five-hour general strike at Port Civitavecchia today, but a threatened work stoppage in Rome was postponed.

Unauthorized labor unions in Rome, which originally called the general strike for today, said the postponement was ordered to permit the Degasper government time to reply to an "ultimatum" calling for a winter public work program for the unemployed.

The labor unions want the Italian government to set aside ten billion lire for the program which they contend will carry the unemployed through the coming cold months.

## French Government Issues Ultimatum To Striking Workers

### (BULLETIN)

PARIS, Dec. 9.—(INS)—The Communist-dominated French Confederation of Labor ordered its workers today to return to work tomorrow after the government had issued an ultimatum.

By ROBERT PARKER (I. N. S. Staff Correspondent)

PARIS, Dec. 9.—French troops repulsed a mob attacking the Arles city hall today, and the government rushed 7,000 troops into the northern coal fields against threatening Communist strike squads.

The troop action underlined the "get tough" policy of the government which issued an ultimatum to workers that they must resume their jobs by tomorrow or sacrifice cost-of-living bonuses.

Troops defending the city hall of Arles, 42 miles northwest of Marseille, used tear gas to disperse the Communist-led mob.

In Lyon two bombs were hurled into two business offices during the night, causing some damage but no casualties.

ALTOONA, Pa., Dec. 9.—(INS)—A break in a feeder line of the Peoples Natural Gas Co. today left several communities in this area without adequate gas supply.

The line break was discovered this morning at Dooohoe, about eight miles east of Greensburg.

The Altoona office of the gas company, warned that if pilots lights go out to shut off all gas jets in the house or building.

An official of the company said in Pittsburgh that service had been shut down for three hours and would necessitate four hours all together to repair the break.

Besides Altoona, communities affected included Cresson, Ebensburg, Loretto and Johnstown.

## Former Navy Tanker Splits In Shipyard

BOSTON, Dec. 9.—(INS)—The 10,000-ton former Navy tanker Ponagansett split in half today at an east Boston shipyard while it was being refitted for peacetime use.

About 200 workmen were aboard the vessel. One man was hurt seriously.

The ship split into an inverted "V" with a cracking roar. Police off Boston and Chelsea rushed to the scene, in response to reports that the ship had been rent by an explosion.

## Welsh Carolers Sing On Square

Christmas carols floated out over downtown New Castle Monday night. From a platform on the public square a group of 35 singers of Welsh descent sang carols in English and Welsh, and a public address system carried them over the entire downtown area.

The chorus was under the direction of Griff Thomas, with Mrs. John M. Evans at the piano. Christmas numbers, Welsh melodies and hymns comprised the program with Earl Hammond and David Lewis presenting solos.

The caroling is a Christmas feature sponsored by the Merchants' Association. Under the chairman-ship of Ross D. Rosenberger, seven such concerts will be given before Christmas.

On Monday night, December 15, the carolers will be the Alumni Chorus of the New Castle high school under the direction of Robert A. Duff.

## Economic Blow Dealt To France By Soviet Move

Soviet-French Trade Talks Are Cancelled By Soviet It Is Announced

### FRENCH FOREIGN OFFICE SURPRISED

By ROBERT PARKER (I. N. S. Staff Correspondent)

PARIS, Dec. 9.—Russia dealt a severe economic blow to France today in the midst of French troop action against Communist-led strikers by cancelling Soviet-French trade talks.

The French had hoped to get 300,000 tons of grain from Russia, but Moscow broke off negotiations as the result of French expulsion of a score of Russians accused of being strike agitators.

Accuses Of Hostile Acts  
Moscow also accused the French government of "hostile acts" contrary to the Soviet-French treaty because of the French raid last month on a Soviet repatriation camp where hidden arms were found.

Russia announced withdrawal of her repatriation team—of which at least two members were accused by the French of subversive activities. The French repatriation team was ordered out of Russia immediately.

The French foreign office expressed "great surprise" at what it termed Moscow's "unwarranted" breaking off of trade talks.

It said this was much more serious than the halting of repatriation

## Senate Approves Americas Pact On Defense Aid

### (BULLETIN)

WASHINGTON, Dec. 9.—(INS)—The Senate by ratifying the Inter-American Defense Pact by an overwhelming vote of 72 to 1, in effect placed the United States on record as pledging never to be neutral in any future attack on the American hemisphere.

Sole dissenter against the defense treaty, which was drafted and signed by nineteen American Republics at Rio De Janeiro last September was Sen. Millikin (R) Colo.

Millikin asserted during debate that the pole-to-pole pact might "tragically involve" the United States in a war between a non-American power and another American Republic.

American Nations Would Aid  
Senate President Vandenberg assured his colleagues that if the United States were attacked, the American Nations would rally to the defense of this country, according to the treaty terms.

Vandenberg, key member with Secretary of State Marshall of the United States delegation at the Rio treaty-shaping conference, is regarded as an architect of the crucial provisions of the treaty which safeguard United States interests.

The 300-mile offshore security zone delimited in the Rio document, which thus far has been ratified by three American nations, also stipulates that a non-American aggressor against Canada, British, French and Dutch Guianas, or the British-owned Bermudas and the Falkland Islands, would be repelled by all the signatories.

## Charles B. Morrow Injured Enroute To Work At Medusa Cement Plant

### (BULLETIN)

WAMPUM, Dec. 9.—Charles B. Morrow, aged 64, of Wampum, chief chemist of the Medusa Cement company plant, near here, was taken to the Jameson Memorial hospital in New Castle this morning, suffering from a broken leg and other injuries, result of being struck by an auto while enroute to work.

Mr. Morrow was walking along the highway between Wampum and the Cement plant, when Arden S. Krebs, head of the plant came along in an auto and stopped his car to pick Mr. Morrow up and give him a ride to the plant. As Mr. Morrow started across the highway to get into the car, another machine going toward Wampum came through the "overhead" and struck him. The car was driven by a Rochester man.

Mr. Morrow was taken to the Jameson Memorial hospital in New Castle, immediately after the accident.

Twenty-Five Methodist Ministers  
Of Grove City District Hear  
Address At Y.M.C.A.

Twenty-five ministers of the Grove City District assembled in the Y. M. C. A. Monday for a luncheon, followed by a business session and an outstanding address by Dr. Mark A. Dawber, executive secretary of the Home Missions Council of North America, Inc.

Following the luncheon, devotions were conducted by Rev. J. L. Petrie, secretary of the group, with Rev. K. E. Shindler, leading in prayer. Rev. George R. D. Braun reported on the interdenominational survey that is to be conducted in the city in January, stating that the Methodist churches are willing to cooperate wholeheartedly. Rev. Braun announced that a Methodist retreat would be held in Hendersonville, Pa., church the first week in January.

Dr. Thomas Morris, Grove City district superintendent was introduced and announced that a Christmas party for all the Methodist ministers would be held on December 16 at Grove City, with a turkey dinner to be served. He also reported that this district had reached 90 per cent of its goal for the Cribbs Home fund, with other monies to come in later. Dr. Morris introduced Elsworth Robinson of New Wilmington.

Dr. Mark A. Dawber was introduced by Rev. Braun, with the mission's secretary speaking on the subject "Observations of Survey, More Than A Census", with the discussion turning into a round table. The fact was disclosed that the survey would be more than securing facts and figures, but it should turn into personal work and a preaching mission, with the Christian Missions emphasis. The speaker told of what has been accomplished in the Methodist church since the merger a number of years ago.

Rev. A. B. Colly of Sharon, closed the meeting in prayer, with the group to meet again on January 12.

after which the president of the Jeweler's Training school, P. J. Wald, introduced Honorable W. Walter Braham, president judge of Lawrence county, who delivered the commencement address.

Judge Braham, having served in World War I, spoke as a veteran to a veteran giving to the school graduates some timely advice which they might use as they go out into the world to work for others or set up business for themselves. He pointed out that every-

thing would not be bright as they set out to readjust themselves in life following their duties overseas and their period of study.

"As we go out into the world," continued the judge, "we must be courteous to those with whom we work. To command respect, we must respect others. We must first be good employees to be good employers. In the world you will always find a place for hard work. The way to lead for leaders today," he concluded.

At the conclusion of the address, President Wald, aided by Dean of the school, William Berger, handed out diplomas to the graduates. A number of the men had already obtained positions and will receive their diplomas by mail.

Singing of the National Anthem and the pronouncing of the benediction by Rev. Boon closed the program.

consider the time inopportune for an agreement with Russia on a final settlement of the German problem.

The view prevails among leading members of all three western delegations that as long as Soviet foreign policy is directed toward the spread of Communism throughout the world, and the undermining of the western conception of democracy, there is little use in entering an agreement with Russia for any four-power control of a unified Germany.

Such a settlement would involve creation of a central German government and Soviet participation in control of the Ruhr.

It is feared that Russia would use such an arrangement as an instrument for infiltrating into the western zones and extending her political domination over the entire country.

The western delegates now have come to the conclusion that there cannot be a sound basis for agreement with Russia on Germany until there is a basic change in Soviet foreign policy toward the direction of genuine cooperation with the west in the common interests of all.

tion activities since there are not more than a hundred Frenchmen still stranded in Russia.

Terminate Trade Talks

"Russia is resolved to terminate trade talks with France," said the Soviet note.

It added that the French charge of subversive activity against the Russian repatriation team was an "outrageous slander" aimed to "mislead public opinion on the true situation in France."

The Soviet note to the French said France must bear the responsibility for "all consequences which may arise" as a result of the closing of the Soviet repatriation center, Camp Beauregard, outside Paris.

The French recently raided the camp and discovered an arms cache.

French informants disclosed, after receipt of the Soviet note, that two members of the Russian repatriation team named Filatov and Sorokine have been accused of subversive activities against the French.

The French also expelled a score of Russians recently and accused them of being agitators in the Communist-led French strike wave.

The Soviet embassy announcement declared that the Russian government considers as null and void the Franco-Russian repatriation agreement of June 29, 1945.

The Soviet attitude is based on recent measures of the French government in taking charge of the Russian repatriation camp, Camp Beauregard, outside Paris, and other measures against Soviet citizens in France.

The announcement said that the Soviet government also has recalled its repatriation mission from France.

## FRENCH GOVERNMENT ISSUES ULTIMATUM TO STRIKING WORKERS

(Continued from Page One)

by the government immediately after yesterday's rejection by the communist wing of the General Confederation of Labor of the government's "final" concessions to workers was off-set by the hopefulness of Leon Jouhaux, socialist leader of the labor group.

The government, bolstered by the refusal of civil servants and transport workers in Paris to heed a two-day strike call, took immediate steps to smash the communist opposition.

A force of 7,000 motorized French troops and police occupied the Valenciennes and Douai coal basin area under official orders to take complete control of control of all mines and railway stations.

A large number of strikers "shock troops" who had been picketing the mines were arrested but the total on those taken into custody was kept secret for security reasons.

The troops and police were moved in after Premier Schuman adopted a strong stand following rejection by the French national strike committee of renewed government proposals to end the work stoppages and demanded that strikers return to their jobs by Wednesday.

The rejection by Ebnout Frachon, communist leader of the General Confederation of Labor, of the government's "final" concessions to workers was off-set by the hopefulness of Leon Jouhaux, socialist leader of the labor group.

Jouhaux remained hopeful that a settlement is possible soon.

FAITH

AMERICA FIRST!  
We notice in one of our large city newspapers (thanks for our free press), where an assistant Superintendent of public schools in two districts, in one of our largest cities, prohibits the singing of Christmas Carols in 23 schools, that he has supervision over, as it conflicts with the religious beliefs of some of the students attending there.

We would like to know why Christmas is observed, if it isn't for our belief in Christ. We not only believe that Christmas Carols, of all kinds, should be sung in all the public schools, but that the Bible, the oldest book in America today, should be read in every public school in America.

Also, those people who came to this country from other lands, on account of what they thought were hardships there, knew what our laws and religious beliefs were before they came, and in place of trying to change them, if they do not like them, the thing for them to do, is to take the same road back that brought them here, not try to change America, and we still say a lot of them could do this very thing, and never be missed in this Country.

## Society AND Clubs

### RAINBOW GUESTS OF STAR CHAPTER

New Castle Assembly No. One, Order of the Rainbow for Girls, was entertained by New Castle Chapter No. 105, Order of the Eastern Star, on Monday evening, when the Assembly exemplified its initiation ceremony with a class of eighteen young women being received.

The Assembly and guests were welcomed by Mrs. M. R. Hornung, Worthy Matron of Chapter 105, and as a prelude to the initiation ceremony, the new drill team of the Assembly, under the direction of Miss Betty Bridenbaugh, presented a beautiful drill. The girls were attired in their new white satin costumes, and made a beautiful impression on the audience. Miss Rebecca Morgan presided at the piano. The drill will be presented again on January 21, at the public installation of officers of the assembly.

Then with Miss Norma Long, Worthy Advisor; and Mrs. George Reid, Mother Advisor, presiding, the impressive initiation ceremony was presented. Special music was rendered by the choir, arranged by Mrs. Clifford M. Propst, with solo numbers by the Misses Jean Hill and Lucille Paisley.

Lunch was served at the close of the evening by New Castle Chapter. Guests were present from several surrounding cities.

On December 17, the Rainbow Assembly will have its annual yule season party, which will be in the form of a Hobo Party for all members in good standing; and on Christmas Night, December 25, will have its annual Christmas Dance in The Cathedral.

### HOSPITAL SEWING CLUB PLANS PARTY

New Castle Hospital Emergency club met last week and plans were made for a Christmas dinner party to be held December 15 at the New Penn hotel.

Hostesses in charge were Mrs. Mary Edgington and Mrs. Anna Eagan. Sewing for the hospital was the main pastime, and later prizes were awarded to Mrs. Margaret Micaletti and Mrs. Margaret Heaney.

Hostesses at the January meeting are Mrs. Helen Edgington and Mrs. Nonie Griffiths.

### Ki-Nu Club To Dine

Members of the 1926 Ki-Nu club will meet for dinner Thursday evening at 7 o'clock at a downtown restaurant.

### HUMBERT AUXILIARY ELECTS OFFICERS

Members of the King Humbert auxiliary met on Sunday afternoon in their hall on Division street.

During the business session the following officers were elected: Mrs. Rosie Rozzi, president; Mrs. Marietta Ceci, vice-president; Mrs. Rosie Lamarella, corresponding secretary; Mrs. Rachel Pascarella, financial secretary; Mrs. Mary Ross, treasurer; Mrs. Elizabeth Cepro, Mrs. Helen Ottaviano, Mrs. Elizabeth Ricci, Mrs. Louisa Pagan and Mrs. Viola Pascarella, trustees; Mrs. Elizabeth Cubellis, Mrs. Adeline Volpe, Mrs. Clotilda Ross and Mrs. Virginia Pegliaro, counsel; Mrs. Susie DiMuccio and Mrs. Jennie Cialella, sentinels.

The organization will have a Christmas party in the hall Sunday evening, December 21, at 8 o'clock. Mrs. Elizabeth Cepro, charlady; assistant, Mrs. Helen Ottaviano, head the arrangements.

### CURRENT EVENTS '06 CHRISTMAS PROGRAM

Christmas meeting of the Current Events of '06 class took place in the home of Mrs. Alice E. McKillop, 212 Richelieu avenue, on Monday afternoon.

As each guest arrived she was presented with a winter corsage in the season's colors.

After a short business meeting the meeting was turned over to the entertainment committee, Mrs. C. N. Moore and Mrs. John Ingham.

Mrs. C. L. Brennehan gave a humorous sketch and an original poem, and Mrs. Moore read a Christmas story, "The Well of the Star".

After the gift exchange, Mrs. Ingham read an original verse and presented Mrs. McKillop with a lovely gift of jewelry as a token in appreciation of her faithful cooperation and service as a member of the club, as president, and in other offices.

The gift was a farewell token to Mrs. McKillop who will take up residence in Springdale the first of the year. She responded with thanks and expressed regret at having to give up membership in the club.

Refreshment committee, Mrs. George Ramsey, and Mrs. James A. Ray, assisted by the hostess, served refreshments carrying out the tones of Christmas decorations carried out throughout the house.

Special guests were Mrs. E. A. Caldwell, Mrs. David Campbell, Mrs. Flora Corbin and Mrs. Jessie McBride.

On January 12 the club will meet in the Y.W.C.A. with Mrs. C. N. Moore as hostess.

### MRS. IDA M. SUBER CONDUCTS EVENT

Mrs. Ida M. Suber, Bell avenue, Pennsylvania state president and second national vice-president of Service Star Legion, Inc., has returned home from Altoona and Pittsburgh district.

Mrs. Suber made her official visit to the McKeesport chapters Service Star Legion Monday evening, December 1 and installed their officers. She was later entertained in the home of Mrs. Mary Dornberger.

Mrs. Suber presided at an executive board meeting in the Y. M. C. A., Pittsburgh, and a luncheon preceded the meeting with past national president, Mrs. Anna Matthews of Weirton, W. Va., Mrs. Audrey Chavis and Mrs. Birtle McDugan of Wellsburg, W. Va., as guests.

On Wednesday evening Mrs. Suber and Mrs. Ada Aven, Altoona national chaplain, were guests of the Verona chapter Service Star Legion Christmas party, and were hostesses of Mrs. Joseph Aven.

On Thursday evening Mrs. Suber was the honored guest of the Altoona chapter at a banquet at the Penn Alto hotel, Altoona. Mrs. Suber installed the officers. She received many gifts from the chapter, and here she was the houseguest of Mrs. Ada Aven and Mrs. Mary Kerns.

### TIFEREH HANUKKAH EXCHANGE TONIGHT

Tifereth Israel Sisterhood Hanukkah party will take place this evening at 8:30 in Tifereth Israel synagogue. It will be highlighted by the "Feast of Lights" candle-lighting ceremony and there will be an exchange of gifts.

The Hanukkah Feast of Dedication holiday, began Sunday evening, will extend through December 15.

H-W. Club Entertained

Five hundred was the diversion when members of the H-W. club were entertained Saturday evening in the home of Mr. and Mrs. Maron Mackiewicz, Hamilton street. High score prizes went to Mrs. Floyd Ridenbaugh and Charles Phillips. The latter and Mrs. Minnie Deere were special guests. Refreshments were served at the close of play.

Next meeting will be January 10 in the home of Mr. and Mrs. Anthony Stoner, Galbreath avenue.

### Wise-Pattison, Jr. EVENING CEREMONY

Before an altar embankment of yellow and white mums and ferns in the First Presbyterian church at a single ring ceremony solemnized by candlelight Saturday evening, December 6, at 8 o'clock, Miss Jennie Mae Wise, daughter of Mrs. Josephine Agnew Wise, of 305 Rhodes place, became the bride of John Watson Pattison Jr., son of Mr. and Mrs. John W. Pattison, of Scotland lane.

Dr. R. L. Galbreath officiated in the presence of a gathering of approximately 100 guests, including a number from out-of-town.

Given in marriage by her brother-in-law, Harold L. Scheide-mantle, the bride wore a street-length dress of peacock blue crepe with gray hat and accessories and a corsage of gardenias.

As her matron of honor her sister, Mrs. Harold Scheide-mantle, wore a gray crepe dress and gray hat, other accessories of black, and corsage of pink roses.

Ray Wilson served the bridegroom as best man and ushers were Ralph Kneram and Charles A. Kennedy.

Garth Edmundson at the organ played a recital of nuptial music.

Following the ceremony there was a reception for nearly 100 guests in the home of Mr. and Mrs. Scheide-mantle, 1036 Beckford street. Pouring for the guests were the bride's mother and the groom's mother. A tiered wedding cake was a feature.

The newlyweds left by car on a short wedding trip and will continue on to Andover, O., where they will make their home.

Mrs. Pattison has been employed at the Temple Shop here and Mr. Pattison is affiliated with the Wonder Bread company.

MERCER CLASS HAS MUSICAL PROGRAM

Delightful in every detail was the musical program offered Monday evening, when the Mercer class gathered in Highland U. P. church for its December assembly.

Mrs. Arthur Mackey introduced those who participated.

Miss Kathryn Bittner, violinist, accompanied by Miss Isabel Johnson, played with two selections, "The Melody from Orpheus" and "Czardas".

Dr. D. L. Ferguson, with Mrs. Clark McClelland as accompanist, sang "Lo How a Rose E'er Blooming" and "What Child Is This Who Lay To Rest?"

Mrs. Harry Marshall favored with three piano solos, "Prayer to the Rain Gods", "Scherzo" and "Jingle Bells".

Carol singing, under the leadership of Mrs. McClelland, was also enjoyed.

Mrs. Russell Johnson and Miss Bittner served as accompanists.

Earlier in the evening Mrs. John E. Johnson conducted a worship period. Mrs. Samuel Staats, in behalf of the class, presented a gift to J. Roy Mercer, teacher of the group, who responded graciously.

Later the group adjourned to the dining room, where refreshments were served buffet style from a colorful table, decorated with a miniature tree, flanked with pine and tapers.

Mr. and Mrs. Arthur Mackey, Mr. and Mrs. Clark McClelland, Miss Eleanor Ridley and Mrs. John E. Johnson were responsible for arrangements.

The class will assemble again Monday evening, January 12, at the church.

CONSERVATION GROUP PROGRAM THURSDAY

Department of Conservation and Gardens of the Woman's club will meet at the home of Mrs. John McGrath, 426 Laurel boulevard, on Thursday afternoon, December 11, at 2 o'clock.

Mrs. F. W. Moorehead is the program chairman. The program book review will be given by Mrs. C. R. Brenner. A gift exchange will follow.

A. J. Gooch Class

The December class meeting of the A. J. Gooch class of the Hoover Heights Tabernacle, South New Castle, was held recently in the home of Mrs. Francis Johannides, Knoch avenue.

Mrs. Stanley Nych served as co-hostess.

Mrs. Dale Hennon read the scripture with other class members leading in prayer. The following officers were elected: president, Mrs. Arthur Hennon; vice president, Mrs. Joseph Morosky; secretary, Mrs. Dale Hennon; treasurer, Mrs. Stanley Nych. During the meeting a letter from the Gustafson missionaries to India was read.

The hostesses were aided in serving lunch by Mrs. David Heaton and Mrs. Joseph Morosky.

On January 8 the class will meet with Mrs. Arthur Hennon, R. D. 3, Catherine street. Mrs. Dale Hennon will be co-hostess.

Past Chiefs To Assemble

Past Chiefs will assemble Wednesday evening, December 10, in the home of Mrs. Beatrice Horchler, of Cherry street, for a Christmas party and gift exchange.

## SEEING NO REASON

At a new conference in Washington recently President Truman said that he saw no reason to interfere with shipments from the United States to Russia of farm equipment and other heavy machinery, needed for the country's rehabilitation, which could mean, of course, for Communist expansion.

Perhaps the President does see no such reason, as he apparently saw no reason in the earlier days of his administration why the Yalta agreement would not be carried out, and now sees no reason why we cannot ship our scarce goods to Europe and at the same time keep the cost of living down at home.

For years there were many statesmen in the United States who saw no reason why we should not ship to Japan all the scrap iron they wanted, and when any far-seeing statesman in Congress called attention to the danger of this kind of business he was hooted down with charges that he was seeing a "bad man" under his bed and that anyhow we couldn't stop the shipments without offending the Japs. Later results indicated that even the lush shipping of scrap iron to Japan didn't make them feel especially friendly to us. Indeed, they felt so unfriendly that they indulged in the heinous attack at Pearl Harbor, using some of our material to put it over.

Of course we can say that those who object to shipment of scarce goods to Russia are "seeing things under the bed," too. But many people can see more than one reason why we ought to cut down our exports of vital material to Russia and her stooge nations. In the first place, farm machinery and similar equipment are badly needed at home if we want to increase production here as Secretary Anderson says it ought to be increased. In the second place, we are now engaged in "cold war" against Russia in Europe, which is the real purpose of the Marshall Plan. There seems to be little reason why we should equip Russia for trouble-making on the one hand and try to stop her with the other. It just doesn't make sense.

To those who say that if we stop shipping goods to Russia now we may "make them mad" we might cite that the same excuse was used in the scrap-iron business with Japan and didn't work out so well. The fact is that Russia has violated every agreement made with western nations since the Reds took over. All they want to do is advance communism the world over. Contracts and gentlemen's agreements to them apparently mean nothing. And in the exports now going to Russia are precious railway equipment and other material which could be used in pushing the Red drive westward in Europe.

## HOW TO SAVE FUEL!

Heating fuel threatens to be short this winter and the wise householder will want to know how to stretch his supply as far as possible. So some tips from James Boyd, director of the Interior Department's Bureau of Mines, should be welcome.

Not everybody can follow all of Mr. Boyd's advice but some will be able to insulate the roofs and walls of their homes, weatherstrip their doors and windows, and install storm sash. And practically everybody can put at least some of his other suggestions into effect.

For instance, he points out that reflecting shields behind radiators keep the heat out of the walls, where it does no good. He adds that it helps to lower window shades at night, to shut off rooms not in use, to close bedroom doors at night and plug the openings under them with rugs; to shut off radiators and registers at night, and to let the whole house cool off while the family is sleeping.

Some will dispute that last point. But Mr. Boyd says that tests show it helps, and he speaks with authority. He observes, also, that moistening the air during the daytime makes it possible to lower temperatures without discomfort.

He has some ideas, too, on getting more heat out of coal. He recommends a deep fuel bed, keeping the air intake under control, stopping air leaks into the furnace, hoeing hot coals aside when putting on fresh fuel and then putting them back again to ignite the gases, letting air in through the door damper to help gases to burn, shaking down ashes gently, and keeping the ashpit clean.

These heats may induce an unpleasantly remonitory shiver, but they are worth acting upon. Put into effect, they may avert more unpleasant shivers.

There are some people who will not begin to worry about the world situation until the supply of gasoline becomes short again.

We don't know how well prepared Soviet Russia is for war, but she certainly knows how to hand out plenty of fighting words.

Astrologist says stars indicate 1948 will be a tough year for President Truman. But doubtless Harry is less interested in what the stars have to say than in what the voters have to say.

## In View Of News Of The World

By J. C. Ostreicher, INS Foreign Director

Soviet Foreign Minister Molotov talks in "generalities" in London at the big four conference while the decisive events are occurring in France.

That's the opinion of U. S. Secretary of State Marshall and the American delegates who will try again to pin down Molotov on a concrete Soviet plan for economically unifying Germany.

But hope is almost abandoned for a successful conference. In the American view the talk of unifying Germany is somewhat ridiculous when Moscow, through her French communist arm, actively is trying to wreck France and thereby the Marshall plan.

**Toll of Strikes**  
Here is the toll of what three weeks of strikes have cost France: Two million tons of precious coal, 400,000 tons of iron ore, 130,000 tons of pig iron and 175,000 tons of steel.

Official estimates of the ruinous strike that is costing millions of dollars daily also list thousands of tons of production losses in the finished metal, rubber, automobile and fertilizer industries.

French officials and the communist-dominated Confederation of Labor do agreed on one thing.

**Has Lost Interim Aid**  
This is that France already has lost through strikes, sabotage and disorders more than \$328 million of interim aid which she hoped to get from the United States to tide her over until next spring.

After next spring the French had hoped that the gigantic European recovery program would be functioning.

But the communists openly have

## The World and the Mud Puddles

## JUST BEGGARS

I think it has been determined that the first big diplomatic error committed by our government was the recognition of Russia as a sovereign state. There was nothing to gain and much to lose by such a recognition. And I thoroughly believe that the act of embracing the United Nations idea was the second great mistake made by those who had been placed in authority in Washington. What has the United States of America gained by the recognition of Russia as a sovereign state and what, if any, benefit has the United Nations been to the United States? There is a great deal of hullabaloo just now over what our Congress is going to do about Secretary of State Marshall's Plan. This plan is designed, mainly, to offset Russia's influence among the peoples of Europe.

**U. S. To Feed Them**  
Starting out in the first instance, Secretary Marshall plans to feed the hungry in Europe—fine! We don't like to turn a beggar away from our kitchen door, but we do know that when we suggest to the beggar that he cut some fire wood before he is fed, he generally vanishes; and if the beggar is first fed and then the suggestion is made that he should pay for his food by doing a little work around the place, he likewise vanishes. And the nations of Europe are just plain beggars today. They have been led to believe, with a great deal of show of wealth on the part of the United States, that the United States would continue to feed them.

And then the second design for these gifts to European nations is the supposition that the European nations will eventually become a great market for our exports for which they will pay money. Well, the answer to this last proposition is that if we start to give them under the guise of loaning them money there will be no incentive for Europeans to do any buying in the United States. They will continue to be beggars; they don't like the "woodpile."

Really, when it ever, did the business people of the United States will eventually become a great market for our exports for which they will pay money. Well, the answer to this last proposition is that if we start to give them under the guise of loaning them money there will be no incentive for Europeans to do any buying in the United States. They will continue to be beggars; they don't like the "woodpile."

**Will Not Get Dollars Back**  
The people of the United States have been importers whenever the price of desirable European goods, with the tariff charges added, have made it profitable for the American importers. Hence, the importers as agents for European goods have been very zealous in their desire to have low tariffs and even no tariffs at all. The protection principle involved in the tariff question has spelled safety for many years of the American workmen. Now they want to stimulate the importing business tremendously, if possible.

But how is this great importing business visualized by the Marshall Plan going to work? If we loan Yugoslavia, for instance, a billion

**State Police Say:**  
Some motorists appear to be of the opinion that when they come to a stop at a STOP sign their duty is completed. The law requires that when the operator of a motor vehicle stops at a STOP sign he shall remain stopped until the highway is clear and free of oncoming traffic from either direction in other words, he must yield the right of way to all traffic on the through highway.

declared all the way from Moscow to the Atlantic coast of France that they are out to wreck that program.

John Foster Dulles, Republican adviser to Marshall, significantly talked with Gen. Charles DeGaulle in Paris Saturday.

This talk undoubtedly was based on the possibility that the communist DeGaulle will soon be in power.

## The Parent Problem

By Garry C. Myers, Ph. D.

## THE FOOD SAVING PROGRAM

We parents who really believe in our democracy and love our country are heart and soul back of the national program to conserve foods, especially meat and wheat, in order to make food available for such countries as Greece, France, Italy, Germany and Korea.

We are aware of what this program can do for checking the spread of communism throughout western Europe, throughout the world, indeed. Our older children are growing aware of the problem and are discussing it with their parents at home, with their teachers at school and in their churches and clubs.

**Character Values**  
All who participate wholeheartedly in this program gain some character and spiritual values. Always one may be so enriched in making self-sacrifices for an ideal.

To these ends we parents, teachers, church leaders and leaders of all youth groups ought to be striving hard through precept and example to induce children and youths to share actively in the program. Since it is chiefly an "honor" program there, obviously, can come tremendous moral and spiritual values through cooperation and, correspondingly, terrific moral and spiritual loss from selfishness and lack of cooperation.

But there is grave danger that some parents will defeat their purpose, especially with the young child, by telling him as he dawdles over his milk, cereal or other foods how eager the hungry children of France or Italy would be to have such food. As any person knows, such talk at such time is not only futile but harmful. It just gives an emotional outlet for the nagging parent and impairs the youngster's appetite.

**Basic Principle**  
A basic principle is involved here, which even some philosophers of education overlook. When the child is already charged heavily with emotional resistance, warnings, lecturing, or even attempts at reasoning usually stir up more resistance. Contrary to considerable advice "the immediate situation" is not the best time, as a rule, to get over a desirable moral principle or ideal.

Therefore, when a child refuses food or dawdles over it it is not the time to talk about hungry children elsewhere. The proper time is between meals when there are no disturbing emotions, when the parents and children are serene and feel lovely toward each other. At such a time talk can be very persuasive not only concerning food and eating but concerning other matters also. My bulletin "Eating Problems," may be had in a stamped envelope by writing me at 235 East 45th street, New York, N. Y.

**BOSTON**—House Speaker Joseph W. Martin, Jr., forecasts developments if communism should engulf the United States: "The world will lose its present civilization and another dark age will come about."

**HIROSHIMA**, Japan—Emperor Hirohito inspects the city devastated by America's atomic bomb: "There seems to be considerable damage here."

**NEW YORK**—Former Price Administrator Leon Henderson forecasts further price rises: "The tragedy is not just that congress is sitting almost idly by, the real tragedy is that, as matters stand today, congress does not intend to take the necessary steps to halt inflation."

**WASHINGTON**—National Commander James F. O'Neill of the American Legion appeals for universal military training: "The possibility of World War II has been decreased in direct ratio to the decline in America's armed strength."

## From Me To You

By MESEEAALL

## "THE GUY WHO'S STUBBED HIS TOE"

Did you ever meet a youngster who had been and stubbed his toe, An' was settin' by the road side, just a-cryin' soft and low, A-holdin' of his dusty foot, so hard and brown and bare, Tryin' to keep from his eyes the tears a-gatherin' there? You hear him sort o' sobbin' like, an' snifflin' of his nose; You stop and pat him on the head an' try to ease his woes. You treat him sort o' kind like, an' the first thing that you know, He's up and off a-smilin', clean forgot he's stubbed his toe.

Now, 'long the road of life you'll find a fellow goin' slow, An' like as not he's some poor cuss who's been and stubbed his toe; He was makin' swimmin' headway till he bumped into a stone, An' his friends kept hurryin' onward, an' left him there alone; He's not sobbin', he's not snifflin', he's just too old for cries, But he's grievin' just as earnest, if it only comes in sighs, An' it does a lot of good sometimes to go a little slow, An' speak a word o' comfort to the guy who's stubbed his toe.

You know, you're not so sure yourself, an' there ain't no way to know Just when it's comin' your time to slip an' stub your toe; Today, you're bright and happy in the world's sunshine and glow, An' tomorrow you're a-dreezin' and trudgin' through the snow. The time you think you've got the world the tightest in your grip Is the very time you'll find that you're the likeliest to slip, So it does a lot o' good sometimes to go a little slow, An' speak a word o' comfort to the guy who's stubbed his toe.

## Could Reduce Fuel Oil Waste

**NEW ORLEANS**, Dec. 9.—Voluntary rationing of fuel oil and gasoline is to be tried first. Already in some southern states the oil companies are rationing their customers.

Anyone who travels across the country must be aware of one tremendous source of waste. That is in the overheating of hotels, trains, railway stations and all public buildings.

The temperature is ordinarily between 75 and 80. It is not merely uncomfortable. It is downright unhealthy.

Doctors have long agreed that overheating is more conducive to colds and sinus infections than underheating. Infections flourish in the overheated atmosphere in which the American city-dweller spends most of his time.

## Source Of Fuel Waste

Here is a source of fuel waste that can be checked quickly and with no government red tape whatsoever. The top associations of the railroads and the hotels can agree on a nationwide program to cut temperatures three to five degrees.

The traveling public will understand that this is a patriotic necessity. I think most people would welcome the change.

The attack on waste should not stop with railways and hotels. Most schools, stores and offices are overheated. Again it would be a comparatively simple matter to organize a campaign aimed at school boards and retail merchant associations.

From these sources alone the saving should be tremendous. It might be enough to make the difference between a dangerous shortage, with its accompanying hardships, and a reasonable supply for all. And there would be a secondary gain in improved health.

In London I talked with Britain's minister of health, Aneurin Bevan. A former miner—he went down into the mines as a pit-boy at the age of 12—Bevan was talking about the problem of getting more coal out of Britain's mines. At the end of our talk, he said:

## Too Much Use Of Oil

"If you in the United States had not gone so far in converting both house heating and industry to oil, you would have a coal shortage and a serious labor problem in your coal mines today. Instead you have an oil problem and it is worldwide in its scope."

There is potent truth in those words. Now we are only beginning to realize that mounting tension

## Hints On Etiquette

If an elaborate wedding is planned and a death occurs in either family, the wedding should be postponed if possible, but if postponement is not possible, the ceremony should be as simple as possible with only relatives and very intimate friends invited.

in the Near East threatens the oil supply that our military policymakers have declared essential to America's future security.

In recent months the newspapers have reported the air forces and the Navy unable on occasion to obtain sufficient high-octane gasoline for routine training operations. The reason, of course, is the unprecedented civilian demand growing out of the boom.

But here is an astonishing fact that cannot be ignored. In communities remote from the sources of oil supply, there were times last winter when shortages came close to cold and breakdown. There is a large question whether compulsory rationing of gasoline would work in peacetime. It might be easier to ration fuel oil.

## Could Check Waste

But before rationing becomes an inescapable necessity, there are major sources of waste that can be checked with comparatively little effort. A drive should be started at once to curb the tropical over-heating that now prevails in most public buildings.

Undoubtedly engineering obstacles stand in the way of a minimum reduction. With a real desire to conserve, however, it should be possible to get around these obstacles.

As a beginning—and it could be done by an order issued tomorrow—let the temperature in all federal courthouses and post offices be reduced by three to four degrees. They are just as overheated as any other place of public assembly.

Then, with that as a starter, the campaign should be carried to railways, hotels, schools, stores and office buildings. The time to begin is now, with the onset of cold weather. We will all be healthier next spring if the public hothouses in which we spend so much time are brought down to a reasonable temperature.

## One Man's Opinion

By Walter Kiernan

The administration isn't fooling about the possibility of a fuel shortage this winter. It is shipping 99 thousand tons of coal out of the country.

If that doesn't do it we can ship more.

The interior department is asking for controls on coal and the commerce department is pushing it out. Someone should introduce Secretary Harriman or Secretary Krug.

If it gets too cold this winter just phone Washington and say "Argentina speaking." We need another 27 thousand tons of coal immediately.

The president doesn't have to worry about a fuel shortage. He always can go down in a nice warm submarine.

Mr. Truman's new commission as a submarine mariner entitles him to go under water in 1948 if necessary.

## POOR PROPHET

According to the newspaper files President Truman, as a United States Senator, in a speech at Kirksville, Mo., back in August 1942, speaking about the post-war world predicted that with a proper economy the U. S. would have \$400 light autos and \$2,000 helicopter. The way it turned out helicopters cost from \$20,000 up and you can't even buy a 1932 Ford for \$400. Evidently we haven't had the right economy.

The Duke of Edinburgh has been assigned to active duty aboard a British warship—which never leaves its harbor. If the duke has any future worries it won't be over seasickness.

## Horatio Alger In News Again

By PAUL GALLICO

My friend, that old Harvard crimson, Horatio Alger has made the news again. This time the writer of juveniles popular with kids born before or shortly after the turn of the century has had the zing put on him by Dr. J. Paul Leonard, president of San Francisco State College, who says that trying to follow in footsteps of Horatio Alger heroes has frustrated a lot of fine college students, and it is high time the boyhood yarns were tossed out the window.

**But Alger Never Read**  
Oh come, Doc, I'll bet that not one in ten college students today ever read a Horatio Alger story. They went out with the turtle-neck sweater, the Rover Boys and the diablo craze. And even if they did, there isn't a frustration in a shipload of them. As an old reader of not only the Alger books, but the Rover Boys, the Henty books, the Frank Merriwell stories and the Submarine Boys and Airship Boys series, I have unquestionably got a lot of things the matter with me, but frustration isn't one of them.

The Doc goes on to say that every youngster can't grow up to be President, and he might as well realize that cold fact. Seize: "It takes second fiddles, too, to make up a symphony."

## Maybe I'm Naive

Well, I dunno, maybe I am naive, but at the moment it strikes me that this country wasn't made what it is by a lot of guys who were aiming at the Number 2 spot. One moment more and I will be suggesting that the Doctor is talking through his tongue which would not be polite because I have not met the gentleman and thus he is deprived of the pleasure of retort or aiming a box at my ears.

But if I really wanted to set up a series of first class frustrations in the young I cannot think of a better way than to segregate a group and say to them, "Now all those fellows over there are going to be allowed to become doctors, lawyers, engineers, scientists and Detroit automobile magnates, but we aren't even going to let you try. You boys are going to be filing clerks, bar-keepers, mailmen, hat-checkers and Pullman Car namers."

But to keep the conversation on a lighter and zanier plane, and return to the boyhood tales on which I was nurtured, they had their effect on me, to be sure, but most of them salutary.

## Careful About Borrowing

Due to a steady fare of the Alger tales I have always been very careful as to whom I borrowed money from in my adult life. If the guy had as much as the suspicion of a sneer at the edge of his kisser, or wore a high silk hat, nothing doing. I wouldn't take his dough. Frank Merriwell imbued me with a great desire to win my college letter which I was able to do by performing as a galley slave for my Alma Mammy. Unquestionably my dalliance with the adventures of the Airship Boys caused me to learn how to fly an aeroplane and take out a pilot's license, just as my preoccupation with the Submarine Boys landed me in that branch of the Navy in World War I, devoted to the practice of deep sea diving and under-water repairs. At the tender age of 21, I became my own little Submarine Boy.

Probably what has held me back from going ahead and becoming President is that all my life I have really been Tom, the fun-loving Rover. Well, one can't have everything, and to date it has been an interesting experience.

But what keeps rattling through my head right now is the famous quotation ascribed to Napoleon: "Every French soldier carries in his cartridge pouch the baton of a marshal of France." He didn't say Second Lieutenant's bars.

Okay, Doctor. You take it from there.

## ESCORT TROUBLE

As it was when I was young, so it is now I am old:

"Take the girl who lives the farthest from the party," I was told.

Forty minutes after midnight ran the clanging trolley car, And I learned the while I waited just how long those minutes

Now I drive a swifter motor, but I still have cause to grieve, For the one I asked to call for is always the last to leave.

I am grateful for companions and I'm glad with friends to be, I'm indebted to so many who have nightly called for me. I've been driven, and I've driven, but it seems to be my fate

To have friends who like to linger, though the hour is growing late.

Be it my car or another's, this the treatment I receive: Those I take or those I go with are always the last to leave.

When the gay event has ended and the prizes won are shown And the numerous guests have vanished, in the hall I stand alone.

Still the women folk say chatting; still the men folk calmy stay.

They've a bridge game they would finish though it last till break of day.

So whenever invitations for an evening I receive, I expect the ones I go with to be last of all to leave.

## PREJUDICED PARENTS

"My parents, whose ideas are strictly Continental, are of European birth. Mother insists that I choose friends of her nationality only. Recently, I have met a few 'American' boys (Mother's term) from whom I should like to accept dates. Do you think I should necessarily refuse to be friends with those of a nationality other than our own?"

Answer: If you are a United States citizen (especially one over twenty-one years old) it is un-American and unpatriotic for you to ostracize an acquaintance because he is an American. Views to the contrary are subversive and should be ignored by those who are of age and therefore self-responsible.

Question: For the sake of those who do not realize that they are wrong, please correctly pronounce: (1) Coupon, (2) adult, (3) secretive, (4) culinary, (5) municipal, (6) acclimate.

## OPEN A CAN

If a can is opened and part of the contents removed, is it safe to keep the rest of the food in the can?

As far as bacteria are concerned it is safer to leave the food in the can than to put it in a dish.

In a glass can, it is always better to leave it in the can.

Sometimes if food or juice is left in a tin can after opening, it will get a bad taste on account of corrosion of the metal.

The contents of the can are sterile before it is opened. If the partly empty can is kept in the refrigerator, the food should keep for a good while.

The little old germs and molds are watching all the time. They will get you sooner or later if they get a chance.

## Surprise Selection For Yokosuka Mayor

YOKOSUKA, Japan, Dec. 9.—(INS)—Powerful hidden forces, which control Japanese elections, have just given Yokosuka a mayor selected by the American military government chief for that area.

These forces, which control votes in a manner reminiscent of Tammany Hall in its heyday, elected a man virtually unknown to Yokosuka residents—Saburo Ohta, Oxford-educated foreign office official.

## THREE CARS IN ROAD ACCIDENT

Considerable damage was caused but no persons were injured in a three-car collision five miles from the city line on new 48 route at 6:30 p. m., Monday, according to State police.

According to State police, Rev. J. Calvin Rose, Leasure avenue, was following another car and apparently steered his car too far to the left, and it collided with a car driven by Paul Bobisch, Sharpsville, R. D. 2.

Another car driven by Roy Bronson, Mercer, R. D. 4, also figured in the accident, the State police reported.

## General MacArthur Gets 33rd Degree

TOKYO, Dec. 9.—(INS)—Gen. Douglas MacArthur received today the 33rd degree of masonry.

The degree was conferred upon the supreme Allied occupation commander by Frederick H. Stevens of Manila at a special ceremony in the American embassy in Tokyo.

It was awarded to the general "in recognition of his own personal achievements in humanitarian dealings with his fellow men".

Harrogate, England, is a fashionable and exclusive watering place in the West Riding of Yorkshire, 18 miles north of Leeds. Its importance dates from the discovery of its chalybeate, sulphur and saline springs in 1596.

Mississippi was the first state in the Union to establish a state-supported college for women. The institution was founded in 1884.

Charles Kingsley, English novelist, known especially for his "Westward Ho", had a daughter, Mary St. Leger Harrison, who wrote novels under the pen name of Lucas Malet.

The earliest writing implement was probably the stylus, a pointed piece of metal, bone, or ivory used to produce letters on tablets covered with wax, according to the Encyclopaedia Britannica.

## Kiwanis-Rotary Clubs Join For Yuletide Event

Ninety Couples From New Wilmington Enjoy Evening Of Fun At Mercer County Site

Ninety couples representing the New Wilmington Kiwanis and Rotary Clubs, gathered at a banquet hall near Greenville on Monday evening, for the annual Christmas dinner and social affair. Co-hosts were Dr. R. W. Williams for the Rotary and William Hartwell, of the Kiwanis, presidents of the two clubs.

Group singing was led by Harold Burns, with music supplied by the Roy Jarvis orchestra, made up of students of Westminster College. Two Santa Clauses, portrayed by Grover Washabaugh for the Rotarians and Sam Sloan for the Kiwanians, presented each person present with a gift. Washabaugh presented gifts to the ladies and Sloan to the men.

A feature of the evening, was the chicken parade with Fred Rowland and Robert Eagles winning this contest. They were presented with full dressed chickens.

Committee on decorations was: Mrs. Arthur Minter, Mrs. William Gilliland and Mrs. R. F. Williams. Committee responsible for the success of the affair was: William Gilliland, Arthur Minter, co-chairmen; Walter Green, Bud Sarpawoy, Edna Mae Jones, Harry Denham, David Boyd.

## Employment Bureau To Again Handle Farm Placements

HARRISBURG, Dec. 9.—(INS)—The Pennsylvania State Employment Service today prepared to resume pre-war farm placement operations at its 115 local offices effective January 1.

The new function will be taken over from the agricultural extension service which handled employment for farm workers during the war. The service was returned to the PSES by recent congressional action.

Will Aid Farmers Facilities to aid farmers secure

qualified workers and to help workers find suitable jobs will be set up in each office, according to A. J. Caruso, director of employment and unemployment compensation.

"Although industrial employment levels are near an all-time high," he declared, "an adequate farm labor supply is anticipated during 1948."

"With agricultural wages at three times their pre-war level, substantial numbers of applicants for farm jobs are expected to take advantage of the new farm placement service."

## Pittsburgh Cab Driver Arrested

PITTSBURGH, Dec. 9.—(INS)—Edward R. Stafford, a Pittsburgh cab driver, was under arrest today charged with deliberately running down and seriously injuring a man with whom he had an argument.

The victim, Frank Aliberti, was in a Pittsburgh hospital with a possible fractured skull, a broken leg and other injuries.

Police said Stafford circled a street after an argument with Aliberti, then deliberately swerved his cab onto the sidewalk where Aliberti was standing. The victim was caught between the cab and the side of a building.

Stafford told police he did not remember either the accident or the argument.

Dr. Mark A. Dawber**

Directed by Dr. R. F. Galbreath, vice president, members of the New Castle Ministerial Association met Monday in the First Presbyterian church, North Jefferson street. Rev. J. L. Petrie conducted the period of devotion, with Rev. A. E. Simon at the piano. Report of the Thanksgiving services was given by Rev. George Braun. A campaign is to be instituted among the churches, whereby \$500 is to be raised for

the chaplaincy of the County Home. An expression of appreciation was voiced by Rev. A. E. Simon in relation to the sympathy offered during his recent bereavement. Fred Allen, in behalf of the Council of Churches, reported on the action of the school board concerning the religious education program that is to be instituted in the schools when authority is granted. Considerable discussion centered on the matter, but no definite action was taken. The speaker of the morning, Dr. Mark A. Dawber of New York City was introduced by Rev. Petrie. Dr. Dawber, representatives of 23

denominations as executive secretary for the Home Missions Council, spoke of the work that is being done and of the necessity of more cooperation among the churches of the nation.

**Supreme Court To  
Review Law Suit**

WASHINGTON, Dec. 9.—(INS)—The justice department won a supreme court review Monday of a lawsuit which threatens to bankrupt the G. I. life insurance fund by adding "tens of billions of dollars" to the government's liabilities. The high court agreed to rule on a seventh circuit court of appeals decision that the life expectancy of a beneficiary may not legally be taken into account in paying out a policy in monthly installments. Solicitor General Philip B. Perlman told the court this decision "imperatively" requires review. He asserted the ruling violated "fundamental and universally accepted actuarial principles" was "inconsistent" with other sections of the insurance act of 1940, and would "astronomically" increase the government liability.

The Philippine Independent church, which separated itself from the Church of Rome in 1901, has approximately 1,500,000 followers.

**New York Stocks**

**STOCK TRADING  
AT SLOW PACE**

NEW YORK, Dec. 9.—(INS)—Trading in stocks slowed to a snail's pace today with prices very narrow and irregular. The technical rally of yesterday was extended by some shares at the start but by noon the pattern was well scrambled.

Lockheed Aircraft quickly advanced 1/2-point to near 13 following announcement of a \$12 million purchase of new Constellations by TWA. Other aviation shares were mixed.

No trend developed in steels where Bethlehem slipped and U. S. Steel advanced fractionally.

Motors showed a similar pattern with General Motors gaining slightly and Chrysler dipping under its previous close.

The undertone was steady in rails and chemical made selective recoveries. Most coppers picked up a little ground but rubbers, utilities and farm implements were mixed. Oils advanced.

Bonds and curb shares were sluggish. Cotton firmed up.

## Advertising Man Heard By Rotary

Gerald A. Harshman, Of  
Sharon, Gives Splendid  
Talk At Luncheon  
Meeting

### SHOWS HOW ADS HELPED BUILD U. S.

Gerald A. Harshman, executive manager of the Sharon Herald was heard by New Castle Rotary Club members at the weekly noon luncheon, in The Castleton, Monday, when he delivered a most interesting talk on the subject, "Show Window Of Industry".

In his talk, Mr. Harshman pointed out the part that advertising played in building America, as a vital accompaniment of the tools of industry. American industry today would stop dead in its tracks, he stated, if it were not for the stimulus which advertising gives it. He cited a number of instances where advertising had built up production in things which today are regarded as virtual necessities, but which at their advent, were considered high-priced luxuries, not only stimulating production, but bringing the cost of these articles down to the purchase level of the average American, such articles including refrigerators, automobiles, radios, etc.

#### Living Stimulated

When people stop competing with each other, Mr. Harshman stated, progress stops. The American people have been ambitious to have better homes, wear better clothes, and have a higher standard of living, largely due to the stimulus of advertising.

Advertising has stimulated free enterprise, he pointed out, as anyone in this country has the opportunity to engage in the manufacture of most anything, and through advertising, call it to the attention of the people, thus building small businesses into larger ones.

The Communist understands this, he stated, and in an effort to cause stagnation in business, would like to destroy advertising.

He also pointed out, how advertising, being out in the open must stick to the truth, and of the progress made along these lines during the past 25 years. Advertising has brought the newspaper to the people at a cheap price, has raised the material and cultural standards of the nation, and made possible the continuance of free enterprise in this country, along with the continuance of a free press and an outstanding example in bringing the latest news to its citizens in as short a time as possible.

### OPEN LETTER TO THE NEWS

New Castle, Pa.,  
December 8, 1947.

To Whom It May Concern:

Who has right-of-way on State Route 422 on Taylor street in the City of New Castle?

Do all motorists know they do not have right-of-way. Therefore, travel Taylor street at your own risk.

The city is not responsible for danger signs at this blind curve leaving Neal street and entering Taylor street.

One of our city police told me and others standing by that it was "up to the state department to place these signs". Also the "state refused a red light at this point."

The state police say, no "State route going through any city in Pennsylvania is their problem. It is up to that city to take care of the danger signs on such routes."

There are no stop signs on this particular part of the route—and this is the most dangerous place on the whole street. You can not see 50 feet ahead. I would say, as you approach that blind curve.

We stress careful driving, avoid accidents, and have such a nuisance in our city. Who can be a careful driver on a street like this?

I traveled that street last Saturday and right at this blind curve a car showed up coming straight through to Mill street. This motorist had to cross the highway to get over to what would be his lane of traffic and that is just where the routes goes too. I was able to stop, or we would have had a more serious accident. The other car hit me, and traveled on several feet.

The garage boys at this point say "there are near head on every day." And there have been several accidents at this particular "blind corner."

A part of my job as a public health nurse is teaching accident prevention in the home and on the street. I did not realize there was such a dangerous place in our city. I took it for granted the state highway was a through route unless otherwise marked.

Is there anyone in our city or state who can tell the motoring public where safety is found and danger begins on State Route 422 Taylor street, leaving Neal street. There should be stop signs for either the highway or cars leaving the highway and going straight through to Mill street. Better yet a red light.

There is a stop sign as you approach the highway coming up from Mill street, but the vision is clear there both ways.

Let our city fathers go to this garage on the corner of Taylor and Neal and watch the cars going and coming for a few days. Something must be done before someone is killed at this point.

I hope we have some other letters from our anxious motorists who want to avoid accidents. Again—Who has right-of-way on State Route 422 Taylor street at the blind corner?

Sincerely,

MRS. HAZEL SOUTHWORTH

924 Winslow Avenue, City.

## Legal Battle Over Coin-Operated Drink Dispensers

HARRISBURG, Dec. 9.—(INS)—

The state revenue department was enjoined today under a preliminary injunction obtained by the Keystone Coca Cola Bottling Company from sealing coin-operated soft drink dispensers in five Scranton businesses and two schools in Lackawanna and Luzerne counties.

The five-day injunction was obtained yesterday from the Dauphin County court by Elmer E. Harter, Harrisburg, company counsel.

Judge William M. Hargest scheduled a hearing for continuance of

## Bubble Gum Maker Defends Product As Aid To Teeth

PITTSBURGH, Dec. 9.—(INS)—

A major American pastime—chewing bubble gum—has been defended by the president of a leading bubble gum manufacturer.

In answer to criticism hurled during a recent western Pennsylvania dental convention, Paul Canning, president of Gum-Makers of America, claimed bubble gum has been popular dental developer for children.

Spokesmen at the convention had said bubble gum was harmful because pressure exerted against the teeth pushed them forward.

Council Gets Request For Appropriation For Next Year's Event

**OTHER NEWS OF COUNCIL AFFAIRS**

Worrell Jones, chairman of the city Sesqui-Centennial to be staged by Perry S. Gaston post 343, American Legion, in a communication Monday asked city council to appropriate \$5,000 for the musical festival to be staged during the Sesqui-Centennial next July. The communication was referred by Finance Director Albert Hoyland to committee.

"I think that is all right," remarked Safety Director D. O. Davies, who said that other cities he knew of, especially one, had appropriated larger amounts, and the one spoken of set aside \$25,000.

Mayor John F. Haven remarked: "But if you don't have the money" implying, what then?

It was then that the finance director referred the letter to committee.

The letter said the money would remain under the control of council and asked the mayor to ask as chairman and suggested that council delegate a member to serve on the committee.

**Order Bills Paid**

Following certifications by the city engineer, John Z. Street, that work has been completed on jobs council ordered bills paid as follows:

Matthew Leivo Sons company, portion of disposal plant improvements completed, \$13,350.69; Continental Construction company, portion of seventh ward sanitary relief sewer completed, \$19,350.45; Interstate Amiesite company, Taylor street paving, \$4,818.16, and Howard way paving, \$1,386.58.

**Fuel Tax Refund Received**

Finance Director Albert A. Hoyland submitted a motion, which passed, authorizing City Treasurer B. N. Hanlon to accept a check from the treasurer of the state for \$6,598.83, a refund on the gasoline tax paid here. It was the fourth payment and altogether the city has received this year about \$27,000, which is devoted, according to state law, for the improvement of streets.

**Deshon Receives Cards**

Mayor John F. Haven today received from F. X. Keating, chief, special service, Deshon hospital, Butler, a letter of thanks for three dozen decks of pinocle cards purchased by funds contributed by townsfolk during the Dimes for Deshon day held here. The letter said the cards were deeply appreciated.

**Laraine Day And Durocher Plan To Remarry In January**

HOLLYWOOD, Dec. 9.—(INS)—Where Leo Durocher of the Dodgers goes, so goes his actress-wife Laraine Day, who will re-marry "Lippy" next month.

Miss Day, who has a six-year contract left with R-K-O which would net her approximately one million dollars, said she didn't want to make a movie during the time Durocher was with the Dodgers.

Both will repeat their marriage vows Jan. 22 either at her home in Santa Monica, Cal., or in New York City.

Miss Day received an interlocutory decree from J. Ray Hendricks Jan. 21, 1946. She married Durocher in Texas a few days after obtaining a Mexico divorce.

Superior Judge George Dockweiler, who granted her the California decree, refused to recognize her marriage or divorce contending the actress had to wait the necessary year before divorce became final.

Another superior court judge, however, upheld the Durocher-Day marriage.

The second marriage will remove any doubts as to the legality of her marriage to Durocher.

**Machine Age Great Factor In Lowering Cost Of Light Bulbs**

PITTSBURGH, Dec. 9.—(INS)—Just an example of what the machine age has accomplished to provide better commodities at smaller cost.

Back in 1888, George Westinghouse went into the electric lamp manufacturing business in Pittsburgh. His small plant turned out 2500 hand-made carbon filament lamps—those dim, unreliable things—a day. Even 19 years later they were retailing at \$1.75 each.

Today the company turned out 1,500,000 lamps of all kinds daily—better, brighter lamps. And they retail at an average of 11 cents.

But today's production is insufficient to meet the demand and the company is adding two more plants to the four already in operation to boost production even higher.

Back in the days of the dim "light bulb" the glass had to be blown by hand, and the delicate carbon filament fastened to a glass rod and inserted by hand. Then it had to be wired and sealed by hand.

Today machines do all the operations. A Westinghouse company magazine brought the story even further up to date when it pointed out that a 40-watt fluorescent lamp sold for \$2.80 in 1939. Today the same lamp—with improvements—sells for \$1.

But when the two new plants are completed next year, the company will be manufacturing the product on 54 acres of floor space—double its facilities of nine years ago. And the new ones will have even more modern machines to turn out the lamps that light everything from photographic dark-rooms to complete airports.

Farmers spent about \$800,000 in 1946 for new farm machinery other than tractors.

# Criminal Court Opens On Monday

Forty-Four Jurors Excused, Cases Called In Court-rooms One And Two

## OTHER EVENTS IN COURT HOUSE

December term of criminal court opened Monday morning in court rooms one and two, with the indications pointing to a short term. The jury was polled at 9 o'clock after which a number were excused for reasons that appeared sufficient to the court.

In court room number one before Judge W. Walter Braham, Halbert Brooks went to trial for failure to support a minor child. In court room number two William Lucas went to trial upon a charge of open lewdness.

### LAST EXPENSE ACCOUNT

The last candidate to file an expense account was Arsen F. Armond, Democratic candidate for county commissioner. Mr. Armond showed contributions of \$736 and expenditures of \$736. He shows a balance of \$500 unpaid in his expenses.

### CHARGE HIT-SKIP DRIVER

Clifford W. Lutz, of Beaver county, is in the Ellwood City jail where he is being held pending charges of failure to stop and render assistance and larceny of an automobile.

County Detective Charles D. Ross said that on Saturday night Lutz had hit a truck and an automobile in Ellwood City. In the automobile were Buford Leftwich and his small daughter. The little girl was injured in the crash and was taken to the Ellwood City hospital. On Sunday Lutz was found in his Beaver county home and arrested.

## Export Controls Are Proposed

Secretary Harriman Presents  
Specifications Of Plan  
To Combat Inflation

By WILLIAM THEIS  
(U. S. Staff Correspondent)

WASHINGTON, Dec. 9.—Secretary of Commerce Harriman laid down for congress today the administration's detailed specifications on future export controls to combat inflation.

Three weeks in preparation, the pattern for extension of export controls was submitted in advance to a senate judiciary subcommittee before which Harriman was called to testify today.

His recommendations were said to include a request for authority to block "profiteering" by fixing export prices on basic commodities like steel. Harriman already has advised congress his department will need more funds to handle the expanding job of controlling exports affecting aid to Europe.

The cabinet officer's statement of what should be included in the export control bill—one anti-inflation item marked for certain passage in the special session—was one of two steps speeding up action on President Truman's program.

The senate banking committee also agreed to vote tomorrow on the Buck bill restoring consumer credit controls, with members predicting approval. Chairman Tobey (R) N. H. and Sens. Buck (R) Del. and Flanders (R) Vt. reportedly had decided to vote for the measure.

Democrats were confident this would more than swing the controversial bill out of committee. Its fate on the floor, and the final terms of restrictions on installment buying, were other matters.

## Charles Eagle Plume Speaks On Thursday

Descendant Of Blackfoot Tribe To  
Present Entertainment For  
Executives Club

CHARLES EAGLE PLUME

Members of the Executives Club and their guests will enjoy an evening of entertainment on Thursday evening, in The Castleton, when Charles Eagle Plume, descendant of the Blackfoot tribe, and noted interpreter of Indian lore, will give his unique lecture and dance exhibition in authentic and colorful costume.

Eagle Plume is the son of a French-Indian mother and a German father. He was reared in Montana and was graduated from the University of Colorado. He was student for a doctor's degree in anthropology at Columbia University when World War Two began, and spent three years as an army scout in the Southwest Pacific.

He will show how all races have borrowed endless factors from each other for their subsistence and comfort.

Dr. G. S. Bennett, Kiwanian, will be the speaker at this week's meeting in The Castleton, Wednesday noon. His subject will be "My Observations Of The United Nations". Dr. Bennett recently attended some of the sessions of the United Nations, and will speak on his observations made at that time.

SS. Philip And James Pays Tribute  
To 1947 Teams With  
Dinner

Monday afternoon in the parish hall, an elaborate annual banquet was held to honor the 1947 Catholic school team of S. S. Philip & James, with 45 people attending.

The program opened by prayer by the Rev. V. V. Stancelewski. At the head table sat the following: Rev. V. Stancelewski, Rev. J. Unger, coach; S. Bober, assistant coach; Bob Jenkins, basketball coach; Fr. Zuzow and Assistant coach, S. Lubinski, Jr.

The dinner was prepared by the girl cheer leaders, with the co-operation of Miss M. A. Dutkiewicz, Girl Scout leader; Mrs. S. Novak and the Sisters.

Toastmaster for the first part of the program was the Rev. V. V. Stancelewski, who introduced Rev. Fr. Unger and two members of St. Joseph's team as guests, who spoke of "Good Sportsmanship."

Remarks were made under the leadership of "Cakkie" Morici. Members of the team expressed their gratitude to their leaders. Congratulations were extended to the team by the teachers, and church organist, Miss M. A. Dutkiewicz, and guests.

Meeting closed with prayer. Various games were played.

## PERSONAL MENTION

## Issue Currency For Occupation Use In Germany And Korea

WASHINGTON, Dec. 9.—(INS)—Large quantities of currency printed by the treasury department suitable for use in the American occupation zone of Germany and Korea were responsibly described today as a "standby" currency.

It was explained by authoritative sources that the occupation authorities have no plans for the immediate use of the newly printed German marks and Korean won and may never have to use them.

However, it was admitted that, if all efforts to agree with Russia on the integration of the economy of the two countries fail, their use might become necessary.

This would only be the case it was also said, if the mark and won get out of hand and an inflationary trend sets in.

State department and treasury officials declined immediate comment on the printing of the new currencies, large amounts of which are reported already to have been shipped aboard.

**DISSIPATES LEGEND**  
ROME, Dec. 9.—(INS)—The Pope dissipated Monday the legend that early Christians lived in Rome's catacombs.

Pius XII told eight thousand Catholic Action youth: "They used the catacombs only as place of burial but lived and fought for their faith in the open with a courage which you will do well to imitate."

The Pope emphasized that Catholics must make a show of individual courage and defend their own faith with firmness and determination.

## GRANT RAILROAD INCREASED RATE

WASHINGTON, Dec. 9.—(INS)—The Interstate Commerce Commission granted the New Haven Railroad a 15 percent increase in one-way passenger fare rates on coaches.

The ICC said that the increase will raise the New Haven's passenger fare to 2.875 cents per mile with a minimum fare of 17 cents. The increase is applicable between all stations on the New Haven system.

The waters off the Philippines contain 2,000 varieties of fish.

## Kilroy Enrolled As West Virginia University Student

MORGANTOWN, W. Va., Dec. 9.—(INS)—"George Washington slept here" signs were the most popular in our country until a man named Kilroy appeared on the scene during the last war.

"Kilroy was here" was scribbled on walls throughout the world by American servicemen but no one ever saw the elusive "Kilroy." Now, West Virginia University students can truthfully say "Kilroy was here."

The current edition of the student directory revealed that R. C. Kilroy of Piedmont is a freshman engineering student. The directory also shows that members of the Smith family led in numbers with 72 students, followed by the Browns with 42, the Davises with 39, the Wilsons with 24, the Jones with 31 and the Williams with 30.

## Local Artists Hear Speakers

Buckeye Art Club Officers Of Youngstown, O., Address Local Art Group

Informative and interesting talks were heard by members of the Associated Artists of New Castle, recently, when they gathered in their studio, 117 East Washington street, for a session.

Guests attending were William J. Gutknecht, president of the Buckeye Art club and Walter E. Gruhl, secretary of the Buckeye Art Club of Youngstown, O., and they told of their club's growth.

Mr. Gruhl later conducted a brief period of criticism of the local members' paintings, drawings, and water colors. An interesting discussion period followed and many phases of painting, techniques styles and schools of thought pertaining to the field were discussed.

A buffet lunch was served at the close of the period. Otto Pearsall, president of the local club, presided.

Another guest, Alan Guttridge, attended from Youngstown, Ohio.

## RURAL TALENT WANTED

A search for rural talent is being conducted for the annual Pennsylvania Rural Talent Festival, January 13 at the Farm Show. "Song of the Seasons" is the name of the production which will feature a rural chorus of 300 voices, a 100-piece FFA band, folk dance by senior extension clubs, and drills by various rural groups and organizations. William J. Cupp, formerly of New Bloomfield, now of Bangor, Maine, will direct the chorus. Dr. Henry Brunner, of the Pennsylvania State College, will have charge of the band.

Rural Pennsylvanians are invited to participate in the talent festival. If you have had some experience singing in a choir or chorus, if you are a member of a group that puts on drills and marches, or if you know of individuals or groups in your county that have some special entertainment talent, get in touch with the Agricultural Extension Office, 206 Post Office Building, New Castle. Information and entry blanks will be available from the Extension Office, and entry should be made early.

TIME TO PLAN FOR CHRISTMAS DECORATIONS. It's not too early to start thinking about Christmas decorations. Many such decorations may be made several weeks before the big

# Here Today...

This time it's Hudson

## the car they said was years away!

This is your day! Set the time; see the car you've been told was years away!

A style-setting beauty, with a sparkling and massive front grille. A car that is only five feet high, and with the lowest center of gravity you've ever known, but with a new, all steel Monobilt body-and-frame that gives you more inside head room than any other car built today.

A car with the roomiest seats ever built into any American-made automobile.

A car you step down into when entering, not up on—yet a car that maintains road clearance! A car that cradles you not only between axles, but ahead of the rear wheels.

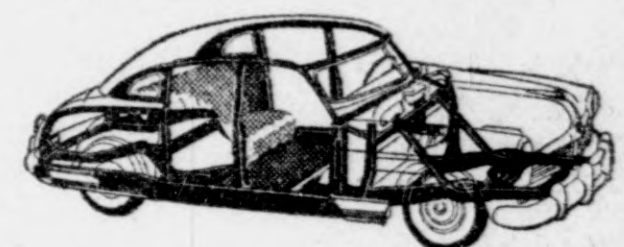

All of this is made possible by a basic new development in motor car design—Hudson's

Monobilt body-and-frame, shown in phantom view and described to the right.

The Hudson dealers listed here are ready with information about Hudson's all-new Super-Six engine—the most powerful six built today—and Hudson's masterful Super-Eight. They will tell you about Hudson's exclusive Drive-Master—no clutch pushing, no gear shifting in forward speeds.

See Hudson's gorgeously upholstered interiors, with chrome handles and hardware recessed into side panels, out of the way. Examine all of Hudson's new beauty, comfort and convenience features, including a new type of low-pressure, Super-Cushion tire that mounts on a new, wide safety rim. See how Hudson's wide, curved windshield and rear window give added vision all around.

Get a good look at this new kind of car—a type of automobile no one else in the world is prepared to build today! It's something to see—the nearest Hudson dealer will show it to you now!

A CAR YOU RIDE IN... NOT ON!

Hudson is the only motor car that completely encircles you, even outside the rear wheels, with a rigid box-steel foundation frame. You ride within this new construction, instead of on top of it as in other cars. And every unit of Hudson's new, all steel Monobilt body-and-frame is welded into one solid structure that provides unusual rigidity and stability.

## Krupp Officials Placed On Trial

Twelve High Officials Of Suppliers Of German War Material Face Nuernberg Court

NUERNBERG, Dec. 9.—(INS)—Twelve high officials of the Krupp armaments firm which built weapons for the Nazi war machine went on trial Monday in Nuernberg on war crimes charges.

The chief defendant before the United States war crimes tribunal is Alfred Krupp, Von Bohlen Und Halbach, head of the House of Krupp, Germany's leading arms maker.

Alfred Krupp, whose firm was the principal supplier of offensive weapons to Hitler's army, has been head of the Krupp dynasty since 1943.

**Face Serious Charges**  
The indictment against Krupp and the 11 other officials which was handed down last August charges that the organization engaged in planning and waging wars of aggression. The group also is accused of plundering industries in Nazi occupied countries and of abusing more than 100,000 slave workers.

Standing trial with Krupp are Ewald Oscar Loeser, Eduard Hodremont, Erich Mueller, Friedrich Wilhelm Jannsen, Karl Pfirsch, Max Otto Ihn, Karl Eberhardt, Heinrich Korschach, Friedrich Von Buelow, Werner Lehmann and Han Gustave Kuppe. All were members of the Nazi party.

Besides the charge that they helped plan and waged wars of aggression, the defendants are accused of holding influential positions in the political and financial life of Nazi Germany.

### READING CLERK OF HOUSE SUCCEMBS

HARRISBURG, Dec. 9.—(INS)—Funeral services will be held Wednesday for Quay R. Hewitt, 59, of Harrisburg, who served as reading clerk of the state house of representative for 20 years.

### HOOVER BLAMES JUVENILE CRIME ON HOME LAXITY

WASHINGTON, Dec. 9.—FBI Director J. Edgar Hoover reports a sharp increase in juvenile delinquency. He blamed parents who are "either too careless or too busy with their own pleasures to give sufficient time . . . to their children."

Hoover said the number of boys from 18 to 20 arrested for crimes during the first nine months of this year was 27 per cent greater than in the same period of 1946.

### New Microscope Is Powerful Instrument

PHILADELPHIA, Dec. 9.—(INS)—Designers of the new electron microscope which has opened countless fields of research admitted today there is a scarcity of trained personnel to operate the "eyes."

Perry C. Smith, vice president of the Electron Microscope Society of America, said the shortage will be discussed at the society's first international conference opening Thursday in Franklin Institute.

The microscope, developed by the Radio Corp. of America, can see inside a chocolate bar, examine the threads of nylon hose and delve into the fibres of rubber tires.

Smith said the experts at the conference have the task of learning how materials are made by studying "invisible" particles magnified 100,000 times actual size.

### Government Moves To Retain Resources Of Atomic Energy

WASHINGTON, Dec. 9.—(INS)—President Truman set in motion Monday the legal machinery through which the United States retains exclusive rights to all atomic energy materials in any public lands disposed of by the government.

The president, in an executive order, prescribed the exact wording of the clause stipulating that rights to uranium, thorium or other materials involved in nuclear fission remain vested in the government.

The White House pointed out that although the atomic energy

act of 1946 provides for inclusion of such a clause in any agreement selling or leasing public lands, this is the first time that the reservation has been put in official form.

Under the fissionable materials clause, the government not only reserves the right to possession of any such deposits but also may, at any time, send its agents into such lands to prospect for, mine, or remove the materials connected with atomic power.

## Avoid Hours of Worry

... WITH BLUE CROSS TO PAY HOSPITAL BILLS

... WITH BLUE SHIELD TO PAY DOCTOR BILLS

Join Both through your BLUE CROSS group

When subscribers to the famous Hospital, Medical and Surgical Plans offered by Blue Cross go to the hospital, major expenses are prepaid.

You may come face to face with the expense of hospitalization sooner than you think. You—and each of your dependents—stands one chance in eight of needing hospital care within a year.

Blue Cross's Hospital, Medical and Surgical Plans are not money-making schemes. They have only one purpose . . . to enable you, and thousands of other persons in similar circumstances, to provide in advance for hospitalization expenses.

When hospitalization is needed, if you have subscribed to these Plans through your Blue Cross Group, worries about cost need not interfere with your recovery. In many cases, you will find your subscriptions will cover all bills resulting from your stay in the hospital.

### ANYONE UNDER 65 CAN HAVE HOSPITAL BILLS PAID BY BLUE CROSS

1,146,373 people in Western Pennsylvania have joined Blue Cross, and for a few cents a month, enjoy freedom from worry about hospital bills. You, too, can enjoy this security, if you join before you are 65 . . . regardless of whether you are married or single . . . self-employed, retired or working for someone else.

Hospital records show that:

1. Blue Cross members go to the hospital early . . . give themselves a better chance to respond to hospital care.
2. Because they do not put off needed hospitalization, and because they concentrate on recovery instead of worrying about bills, Blue Cross members respond more quickly to hospital care.
3. Blue Cross members are less likely to require re-admission, probably a direct result of entering the hospital soon enough and staying long enough to get well-started toward recovery.

### NOW BLUE CROSS GROUPS ALSO OFFER BLUE SHIELD—NON-PROFIT WAY OF PREPAYING DOCTOR BILLS

In operation, Blue Shield is similar to Blue Cross, except that instead of prepaying hospital bills, it prepays bills for medical and surgical services incurred during hospitalization. Two Blue Shield Plans are open to members of Blue Cross groups.\*

### SURGICAL PLAN

Under your subscription to the Surgical Plan, when you or any enrolled member of your family is a bed patient in a recognized hospital, the Plan will pay for

any required surgical operation, according to an established Schedule of Benefits. Typical benefits are listed in the factual material you will receive when you send in the coupon.

The number of surgical operations is not limited nor is any type excluded. The Plan covers all surgical operations necessary for treatment of any disease, injury, fracture or dislocation.

Removal of tonsils or adenoids is covered, but dependents must be enrolled at least six months to take advantage of this benefit.

Childbirth services are provided for a wife-subscriber after 12 consecutive months of subscription at the Family Rate.

### MEDICAL-SURGICAL PLAN

Under your subscription to the Medical-Surgical Plan, you are entitled to all the benefits of the Surgical Plan, plus surgical service (including treatment of fractures and dislocations) performed at home or in the doctor's office.

In addition, your subscription includes treatment, of you or your dependents, while hospitalized, for any disease or injury not requiring surgical operations, for the following periods:

- 21 days during the first subscription year
- 24 days during the second
- 27 days during the third
- 30 days during succeeding subscription years.

Childbirth services are provided for a wife-subscriber after 12 consecutive months of subscription at the Husband and Wife or Family Rate.

### BLUE SHIELD IS TAILORED TO PROVIDE MEMBERS WITH THE BEST OF MEDICAL AND SURGICAL PROFESSIONAL SERVICES

Subscription rates are set at a level which will permit families with very modest incomes to share in the benefits.

Your personal physician—and only he—decides your requirements for hospitalization, and medical or surgical care.

If you change jobs, you can transfer your subscription to another group, or arrange to keep up a direct subscription.

In emergency hospital cases, specified payments will be made to any recognized physician anywhere.

\*Blue Cross hospitalization is available to everyone under 65.

Blue Shield medical and surgical care now limited to groups of 5 or more employees.

## PENNSYLVANIA POWER CO.

The pitcher is the umpire, too. He'll call his own pitches—and what kind of a ball game will that be? We have the same situation in our business. Government—which regulates the electric companies—is in competition with them!

The electric companies recognize their public obligation to supply continuous and dependable service. They have provided America with the most and the best electric service in the world. Electric rates have been lowered steadily until today the average family gets twice as much electricity for its money as it did 20 years ago.

Yet today government sets up politically managed electric agencies, and runs them by a different set of rules. They receive subsidies, pay little or no interest on money they borrow, pay no Federal taxes. If it can sell electricity on this basis, government can sell anything else the same way!

We believe that the people who work in our company, as well as the people who have invested their savings in it, deserve the same protection from political attack that most other people still enjoy. When the umpire plays, too, should he call his own pitches?

## Denies Troops To Leave Palestine During Few Days

JERUSALEM, Dec. 9.—(INS)—A Palestine government spokesman denied today that there will be any withdrawal of British troops or police from the Holy Land on December 15, but said that there will be some redistribution within the country.

British troops and police, he said, are being withdrawn from such Jewish centers as Petah Tiqva, Tel Aviv and Pnai Brak. These units are being replaced by specially-enlisted Jewish "temporary" police.

The all-Arab city of Jaffa is not being included in this evacuation. The Jewish centers involved contain roughly half of Palestine's Jewish population. Emphasizing that the only troops leaving the country at present are those being returned to Britain for routing demobilization, the spokesman denied suggestions that withdrawal of British troops and police will leave armed Jews and Arabs facing each other.

He added that a British infantry battalion presently is in a "buffer" position along the border between Arab Jaffa and Jewish Tel Aviv, to prevent any large-scale flareup between the Arabs and Jews.

(Reuters reported in London that authoritative sources in Jerusalem say that British troops will be withdrawn December 15 also from Arab regions as well as Jewish areas. Jaffa, Nablus and Gaza were the Arab districts specifically mentioned by the Reuters diplomatic writer.)

## November Weather Was Warmer, Wetter

Excess In Temperature And Precipitation Shown During The Month By Official Records

November's weather was warmer and wetter than the general run for November, the statistics of Baxter F. Johnson, U. S. weather observer here reveal. The daily average temperature was 1.2 degrees above normal, and the precipitation was .13 inches above normal. Last year, the temperature was 3.18 degrees above normal, but the precipitation was .79 inches below normal.

The mean maximum was 46.3 degrees, and the mean or average was 38.1 degrees. The highest temperature was 60 degrees on November 1, and the lowest was 9 degrees on the 29th.

The total precipitation for the month was 2.48 inches, and the greatest in 24 hours was .53 inches on the 24th. The total snowfall was 1.9 inches, of which nine-tenths of an inch fell on the 29th.

Days with .01 inches or more of precipitation were 16, and with .25 inches or more were four. Days clear were 5, partly cloudy, 8; and cloudy, 17. Last year, the highest temperature was 78 degrees, and the lowest was 20 degrees.

## Woman Is Told To Expect Quadruplets

LATROBE, Pa., Dec. 9.—(INS)—Mr. and Mrs. Andrew Zavada of Dorothy, Pa., today looked forward to their brood being increased by four in February, when Mrs. Zavada is expected to give birth to quadruplets.

The mass addition to the family was predicted yesterday by Dr. J. Wiley Hartman, whose prophecy was based on an X-ray examination of the 25-year-old expectant mother. The Zavadas now have one son.

Under normal conditions Mrs. Zavada would expect to give birth in April, but multiple births are always premature and arrangements are being made for a caesarean operation in February.

Medical statistics show the odds to be 650,000 to one against quadruplet births.

## Bessemer High Band Sponsors Programs

A series of four programs, featuring three musicals and a lecture, will be sponsored by the Bessemer high school band in the school auditorium, beginning Wednesday evening, it is announced by Chandler B. McMillan, supervising principal.

The first program to be presented Wednesday evening, will be by the Deep River Quartet, a group of Negro artists. The three remaining programs of the series are as follows: February 6, Westminster College music department, program of vocal and instrumental numbers; March 18, Dr. W. Stuart Carns, noted scientist, and March 31, a musical program by the Bessemer high music groups.

The purpose of the series is to provide entertainment for the community and to secure funds for participation in the spring musical contests.

Harvard University was named for the Rev. John Harvard, minister of the church in Charlestown, Mass., who, when he died in 1638, bequeathed the new school his library and half of his estate.

When I say I'm sold on local people my statement is based on knowledge—on the hundreds of loans I've made to them in the past 12 months, many on salary alone, others on car or furniture.

I know local folks are reliable. That's why I can say "Yes" to 4 out of 5 who ask me for a loan—oftentimes making loans that others can't or won't.

# New Castle's Red Hurricane Cagers Set For 1947-48 Floor Grind

New Castle high's basketballers have been working hard in their pre-season practice sessions and are ready to hit the boards tonight in their inaugural against Youngstown East.

The News photographer looked in on one of the drills and came away with the following pictures of the 'canes:

(1) Six lettermen form the nucleus of the team this year and dribbling down the floor are hold-overs Don Spears, Jimmy Janacone, Tony Cialella, Gene Gribble, Wayne Gray and Don Black.

(2) The Red and Black cannonade the rings with a flurry of basketballs, sharpening their eyes for the tough season ahead.

(3) Coach Bill Douglass diagrams a play for two of his starting quintet—Don Spears, kneeling and Jimmy Janacone, standing.

(4) Here's the big lad who will anchor the pivot post for the 'Canes—six feet, four inch Wayne Fullerton, up from last year's reserves, and the tallest man on the squad. He holds the key to the locals' performance this season.

## BLACK TO MISS FLOOR INAUGURAL

Acc Forward Has Bad Finger; Interesting Tilts On Tap For Tonight

New Castle high's Red Hurricane cagers will dive into the district cage swim tonight at George Washington high floor, drawing Youngstown East as their first opponent. The main tilt will be preceded by a preliminary game at 7 p. m. between coach "Austie" Cowmeadow's junior varsity and the East reserves.

Coach Bill Douglass announced today that his varsity will have to get along tonight without the services of Don Black, high-scoring senior forward, who has a split finger on his left hand. The injury will sideline him for at least three weeks, it was stated.

### Shifts Lineup

In the face of this unfortunate development, Douglass has shuffled his starting lineup and said that the following lads will take the floor against the Ohioans: Don Spears and Alex Piccirillo at the forwards, Wayne Fullerton at center and Jimmy Janacone and Wayne Gray, guards. This will mean three new faces in the array for this season, with Spears and Janacone the only hold-overs from the 1946-47 lineup. Behind these lads Douglass has capable reserves in Toscano, Session, Taylor, Cuba, Gribble, Cialella and Fuleno.

Tonight's game will pry the lid off a rugged eight-game exhibition schedule which will carry through until Jan. 6 when the 'Canes start their Section 3 warfare against Ambridge.

### Other Teams Active

Elsewhere in the country, other schools will again be on the firing line.

Ellwood's unbeaten Wolverines, with two victories over Union and Shenango, dumped in their opener, hope to repel Freedom high's Oilers.

East Brook and Union have carded last-minute opponents. The Eagles, with one big victory in the bag, play host to Plaingrove and the "Scotties" seek their first scalp against Darlington at home.

Springfield invades Wampum with the Indians after their initial victory, having lost to Monaca in the lid-lifter.

## Shenango 'Y' In First Place After Topping Bessemer

East Brook Defeats Johnson Bronze 41-20; Shenango 'Y' Upsets Bessemer 44-35

Paced by their star forward Eddie Smith, the Shenango "Y" five went into first place in the City-County league at the Arena floor last night by defeating the Bessemer Legion 44 to 35. Smith had 15 of the Shenango points. The colored stars have won three straight league tilts.

	W.	L.	Pct.
Shenango "Y"	3	0	1.000
Bessemer Legion	2	1	.666
VFW	2	1	.666
East Brook Boosters	2	1	.666
Eagles Club	0	1	.000
Forest A.C.	0	2	.000
Johnson Bronze	0	3	.000

The Shenango "Y" led at the half 21 to 12. Young also was a shining light in the winners attack, with ten points, while Waters had eight. Best in the Bessemer lineup was Johnson with 13 points, followed by Sama with seven, and Wilb Kurler with six. This was the first defeat for the Bessemer after winning two straight in the loop.

### East Brook Wins

In the other City-County game at the Arena floor last night the East Brook Boosters trimmed the Johnson Bronze team 41 to 20, with Carl Jamison, and Morrow the big stars with 28 of the points between them. Best for the losers was Manzo. At the half the East Brooks led 27-10.

Wednesday at the Arena floor the Johnson Bronze will play the Eagles in a 7:30 o'clock game preceding the Canton Cushites-Philadelphia Giants game.

Dick Plasman, assistant coach of the Chicago Cardinals in the National Football League, has been placed on the active list. Plasman, former star end for the Chicago Bears, will play tackle.

## Illinois Looms As Big 9 Giant

(By International News Service)

Illinois loomed today as a team to be reckoned with in the race for the western conference basketball championship.

The Illini upset a highly-favored Notre Dame quintet, 40 to 38, last night at campaign to boost their stock in the coming conference competition.

Illinois rallied from an 18-to-16 halftime deficit to lead the Irish, 31 to 26, in the first ten minutes of the second half. A Notre Dame surge brought the score to 40 to 38 with a minute to go, but the Illini froze the ball to win.

Meanwhile, the defending champion Wisconsin Badgers came from behind for the second time in as many starts and defeated Butler, 61 to 53, at Madison.

The Bulldogs bottled up high-scoring Bobby Cook and restricted him to only one field goal. However, the Eagle-eyed Badger tallied ten points from the foul line.

Purdue won its first victory in two games by downing Nebraska, 60 to 56, at Lincoln on three last-minute field goals by Howard Williams.

The Boilermakers were trailing, 46 to 37, with the minutes left to play when their shots began to find their mark.

## FUSARI WHIPS SAMMY ADRAGNA

PITTSBURGH, Dec. 9.—(INS)—Charley Fusari, the Blond Bomber from Newark, N. J., today was back in the foreground of a somewhat confused welterweight picture after decisively beating Sammy Adragna of Carnegie, Pa.

Bill Bradley, New Castle middleweight, lost his first professional bout, having been defeated by Ray Logan, of East Liberty last night in a four round opening bout on the Fusari-Adragna card at Pittsburgh.

## Philadelphia Five Will Play Canton

Game At Arena Wednesday Will Be Third For Canton, Hope To Continue Winning

Wednesday at the Arena floor the famous Canton Cushites will be back to battle the Philadelphia Giants. The first game Wednesday will find the Johnson Bronze playing the Eagles Club at 7:30 o'clock. The Cushites are on a winning streak of two straight games here and hope to make it three in a row tomorrow evening.

The East-West Shrine games in San Francisco started in 1925. To date the East has won six, the West 12 and four have been ties.

## FLOOR SCHEDULE

**GAMES TONIGHT**  
Youngstown East at New Castle.  
New Wilmington at Stoneboro.  
New Brighton at Ellwood.  
Freedom at Shenango.  
Darlington at Union.  
Springfield at Wampum.  
Plain Grove at East Brook.

**UNKNOWN TAKES ORLANDO OPEN**  
ORLANDO, Fla., Dec. 9.—(INS)—Dave Douglas, a gangling, unknown 28-year-old golfer, chalked up his first major victory today, a triumph over Jimmy Demaret and Herman Keiser for top honors in the \$10,000 Orlando open.

## Bucs Profit In Swap With 'Bums'

### MAXIM DEFEATS BILL THOMPSON

PHILADELPHIA, Dec. 9.—(INS)—Joey Maxim, Cleveland heavyweight who holds a win over Jersey Joe Walcott, left one more victim behind today in his quest for fistic glory. Maxim, 179, gained a unanimous 10-round decision over Bill (Chicken) Thompson, 175, Philadelphia, before 5,700 fans at the Arena.

Jersey Joe himself watched from a seat of honor as the Cleveland puncher left-handed Thompson into submission.

Work already has started on the new stadium for the University of Maryland, which is scheduled to be completed by the start of the 1948 football season.

## Leagues Play Three Contests

Games Wednesday will pit the Universals against the Calabra club, the First U. P. and the First Methodists and the Epworths vs. the Third U. P.

## Cleveland Buys John Berardino

CLEVELAND, Dec. 9.—(INS)—The Cleveland Indians announced today the purchase of infielder Johnny Berardino from the St. Louis Browns for an undisclosed sum of money and outfielder George Metkovich.

Bill Veeck, Tribe president, declared the Indians parted with "the largest cash outlay that Cleveland has made for a player since the purchase of Earl Averill."

Berardino declared his intention of quitting baseball for a movie career a few weeks ago when the Browns announced his sale to the Washington Senators. Baseball Commissioner A. B. Chandler, however, nullified the trade.

"Berardino has assured me that he will play baseball for us," Veeck said.

The Indians' president also revealed that the Detroit Tigers had offered St. Louis three players and \$50,000 in cash for Berardino but were turned down.

## Pulaskis Play Benefit Game

K. Pulaski "Big Five" Plays Youngstown Strausbaugh's At Union Floor Wednesday

A big benefit basketball game for the Union Township Volunteer Fire Department will be played at the Union High floor Wednesday evening when the K. Pulaski "Big Five" will battle the Youngstown Strausbaugh Motors at 8:15 o'clock.

In the preliminary game the K. Pulaski Cubs will play the Johnson Bronze of the City-County league, at 7:30 o'clock.

Coach Al Gonet and his Oaklanders will be gunning for their second win of the season and will use their strongest available lineup. The Youngstown five is one of the best in Eastern Ohio. The K. Pulaski "Big Five" looked very impressive in their win at the Arena Sunday over Butler.

The game should draw a large crowd to the Union High floor in the first venture of the Firemen in the sport world.

## SPORTSMEN TO NAME OFFICERS

Men Who Will Guide LCSA To Be Elected At Meeting Here Tonight

Officers who will guide the Lawrence County Sportsman's association in 1948, will be elected tonight when members meet at eight o'clock in the Courthouse. Sheriff Frank Coen, president of the organization, will preside.

Nominations made by a committee are as follows:

President, Herman Steinbrink and James Bell.

Vice President, Joe Crable, unopposed.

Record Secretary, Don Mooney and N. N. Jaquish.

Financial Secretary, James Boyd and H. N. Drio.

Treasurer, A. A. Jones and Joe Roth.

Trustee, Henry Rodgers.

Directors (two to elect) Earl Jordan, Andrew Dodds, H. Price and A. Pearson Furst.

Nominations may also be made from the floor.

The officers whom are elected will assume office in January.

**"CALLY" CLUB WILL PRACTICE**  
Tuesday night from 5:30 to 7:00, the "Cally" Club will hold a stiff workout at the YMCA, according to Coach "Gabby" DeCaprio.

The "Cally" Club will make it plenty tough for all opponents and may have the power to take the first half, as shown last week when they gave the Shenango Pottery a rough game dropping it by a margin of 48 to 44.

Coach "Gabby" DeCaprio will use "Rags" Gennock and Sammy Calazza at the forwards, Frank "Primo" Tuscano at the pivot, and Red Ross and "Cy" Congini at the guard posts. From now on the "Cally" five expect to give all the teams a lot of tough opposition.

## HERE AND THERE IN SPORTS' LAND.

**HOLDERS** of stock in the Twentieth Century club, which promoted the Louis-Walcott battle are chuckling these days because of the difference in opinion which will result in a million dollar gate the next time the two Joes clash, which will be in June. Twenty-four of the 40 writers of boxing who covered the fight decided in favor of Jersey Joe. . . Answer to H. H. Yes, Max Schmeling was world's heavy-weight champion. He won the title from Jack Sharkey on a foul. However, he lost the title in a second fight with Sharkey. Joe Louis was not champion when he boxed Schmeling the first time, but was king of heavies when they boxed the second time. . . And now that Leo Durocher has been reinstated as manager of the Dodgers wonder if he will be as lippy as ever? . . . Antlerless season comes December 13. Hunters should wear plenty of red because the woods will be thick with hunters. . . Officers will be named tonight to guide the Lawrence County Sportsman's Association next year. . . Here's a new bowl, the Tangerine, at Orlando, Marshall College of Huntington, W. Va., will play Catawba, New Year's Day. . . Willie Bosko, Butler County boxer, is in a Butler hospital with a blood disease.

## Duquesne Looks For Banner Year

Davies Men Rated Among Best In Nation; Meet Brigham Young Tuesday

By JIMMY JORDAN  
(International News Service Staff Writer)  
PITTSBURGH, Dec. 9.—This probably won't come as any surprise to a lot of folk, but Duquesne University has a basketball team this year, with schedule attached. A year ago, it would have been a surprise. In fact, it was.

For when last year's schedules were drafted—about a year in advance—Duquesne had no players and no coach. They managed to schedule 21 games with some of the nation's best. They recalled Chick Davies as coach from Homestead high school.

And then the surprises piled up. The Ducks won 19 straight games before dropping an upset to Georgetown. They won the season's finale, and went into the metropolitan national invitation tournament. There the champion Redskins of Utah beat them, 45-44. Duquesne previously had beaten the Utes 59-50.

But for a team that started with nothing, the Ducks did all right and finished high in the national ratings.
